

Oakwood Road School

Location: South side of Oakwood Road, just east of
Nicholson Road

District: 6

Built: 1918

Closed: 1950s

While the origin of the earliest Oakwood Road school houses is a little unclear, there was at least one 19th century building. Real estate records indicate land purchases by School District 6 in 1850, 1875, 1900 and 1916. The existing building was built about 1918. In 2012, during a drought, the current owner noted that the outline of an old schoolhouse foundation became visible in the dry grass east of the existing building.

Oakwood Road School was closed during the 1950's as part of the school consolidation. The building was used for a time for equipment storage and was eventually sold and converted to a private residence.
